

DURBUY – 5th two-day iBEDSSMA symposium on the Multidisciplinary Treatment of Sleep-

Date: 08-10-2021 - 09-10-2021

Region: Durbuy

Beschikbare plaatsen: 0

Vanaf € 0,00 per persoon.

The â€interdisciplinary BELgian Dental and Surgical Sleep Medicine Academy (iBEDSSMA)â€™ first of all wants to be a unique platform for networking and for information gathering among all different disciplines involved in Dental and Surgical Sleep Medicine. The main goal is to stimulate the multidisciplinary approach of the dental, surgical and medical treatment of sleep disorders and to inform the members about activities that fit within this ambitious objective of iBEDSSMA.

After the successful symposia that were organized by iBEDSSMA in the past, we are now proud to announce our 5th two-day symposium that will be organized on Friday, October 8 and Saturday, October 9, 2021, in Durbuy.

Accreditation RIZIV/INAMI requested
